Buyers shall completely inspect the property prior to the closing with the Seller or Seller's agent. Final inspection by the Buyer shall consist of both a functional and cosmetic inspection. A cosmetic repair is one that does not affect the function of said item. A cosmetic repair requested by Buyer and to be performed by Seller must be visible to the naked eye by both Buyer and Seller when viewed from a distance of eight (8) feet or greater under normal lighting conditions. No cosmetic repairs visible from less than eight (8) feet shall be performed by Seller. Periodic inspections have been performed by a certified city or county official during the process of construction. Inspections by governing authorities shall be deemed complete if a Certificate of Occupancy is issued. Should the buyer choose to select and independent Home Inspector (at Buyer's expense) for further inspection, then such individual must be either a licensed

contractor or a professional qualified with an acceptable professional license, issued by the State of Tennessee. Then and only then will items found in non-compliance with accepted applicable codes, as of the date of construction, be repaired or brought to standards. Seller shall have no obligation to make any cosmetic repairs as a result of professional inspection.

Seller agrees to furnish in writing at closing, a **One Year Builder Warranty**. Buyer agrees that said warranty is in lieu of all other warranties, statutory or otherwise, expressed or implied.
